SUN BEAMS

By WALTER M. BARRETT

Tuesday you will be called upon to decide the administrators for the county state and national government as many of the issues before the voters will be settled at the primary. Others will be given a chance to go into the finals with many opponents eliminated. This is no time for permitting personalities to sway your judgment. Your task on Tuesday is a serious one, one which will decide perhaps, the destiny of the state and county. If, in your judgment, a candidate for reelection has served well giving to the taxpayers all that was possible and practical to give in return for the confidence placed in him, he should be retained. If on the other hand, you feel that another is more suited or can give the majority of citizens and taxpayers more give him your support. But whatever you do, go to the polls Tuesday and exercise the greatest right provided under our democratic government--that of choosing men to represent you, your family and your business during the coming years. Don't vote in haste. Give the matter thought and be guided by your deductions.

More than a score of Truckee businessmen have contributed generously to the fish planting fund The goal is not yet reached, but any fear that Truckee would permit the important issue to go unsupported has vanished and we are again assured that in any matter effecting the welfare of the entire community local interests may be counted as going over the top in a big way.

This district lost one of its most ardent and sincere boosters this week when death summoned Wally Gelatt. You may not have always agreed with Mr. Gelatt, but none can say that he did not contribute greatly to the welfare of the district to which he devoted the greater part of his active life. He will be greatly missed

TRUCKEE MAN SITED ON TRAFFIC CHARGE FOLLOWING MISHAP

F. S. Powell, well known Truckee resident, has been cited to appear before Justice of the Peace C. E. Smith on a charge of reckless driving.

The Powell car was involved in a minor accident near Emigrant Gap last week in which a state employe was slightly injured. Powell said an approaching machine caused him to pull too close to the man working on the highway and he struck a shovel which in turn hit the vicitim, injuring him slightly. Powell did not know of the mishap, he said, until he was served with a citation later.

P. T. A. TO MEET

The Truckee Parent Teachers will hold the first fall meeting at the grammar school Friday, September 2, at 7:30 p. m.

Return Home—

Mrs. D. A. Cassidy and daughters Barbara and Betty, returned to their home in Auburn on Tuesday following a visit of several days at the home of Mrs. Cassidy's mother, Mrs. James McIver.

Guest From Sparks—

Ernest Petersen who was the baker for the Truckee Mercantile here 25 years ago, was here last week.

Selects Perfumes—

E. L. Loynd went to Reno yesterday to select the most exquisite line of perfumes on display there for his holiday stock at the local drug store.

W. B. Gelatt Dies In Bay Hospital Following Illness

Was Organizer, Manager Of Donner Lake Company Near Here

LAST RITES ON FRIDAY

Prominent Local Figure Dies Wednesday Following Long Illness

W. B. Gelatt, 61, for 25 years a prominently known resident of this district and for 21 years manager of the Donner Lake Company at Donner Lake, expired in the University Hospital at San Francisco Wednesday morning. He had been in ill health for nine years, but only recenly was forced to give up his work here and enter the hospital. He had been suffering from kidney ailment and complications.

Gelatt was a native of Genoa, Nev. He first came to Truckee 25 years ago and visioning the possibilities of Truckee as a winter sports center formed the old Truckee camp, then located on the present site of the Winter Sports field. He was there for four years and then formed the Donner Lake Company for the purpose of selling water to the farmers of Nevada. As time advanced the property's value increased and it is now considered one of the most valuable resort locations in the state.

Although he made his home in San Francisco during the winters, Gelatt was among the first to arrive in the spring to prepare Donner Lake Camp for its seasonal opening. He loved the country and was considered one of the most ardent promoters of the region.

He is survived by his widow and two sisters, the latter residents of San Jose.

He was a member of Truckee Lodge No. 200, F. and A. M.

Funeral services will be held under the auspices of the Masonic Lodge in San Francisco on Friday.

The sympathy of the community is extended to the family of one of its most able citizens.

LIONS, GUESTS ENJOY ANNUAL TAHOE FETE

Eighty members and guests of the Truckee Lions Club last Saturday enjoyed the annual Tahoe Night of the club at Cal-Vada where feasting, dancing and merrymaking prevailed until a late hour.

On Vacation—

Mr. and Mrs. Lloyd Green left on Tuesday for a vacation.

In Hospital—

Mrs. Ben Callender of The Hut at Homewood left for San Francisco on Monday where she is receiving medical treatment.

On Business—

I. N. Wergeland of Auburn was a business visitor here on Monday.

Postmaster Here—

Mrs. Letta Stokes postmaster at Applegate was the guest of Mrs. T. E. Pinckney during the past week. end at her home in Reno.

Here From Nevada City—

Mrs. F. F. Joyal is here from Nevada City after visiting her parents for the past week.

Weekend in Reno—

Miss Marguerite Souchereau who is employed in the Truckee-Tahoe Lumber Company office spent the week-

Visit in Hobart—

Mr. and Mrs. J. B. Clark, former residents of Hobart Mills, now residing in Grass Valley, were visitors at Hobart Mills and Reno Sunday.

Go to Dinuba—

Mr. and Mrs. H. E. Canady and two sons have gone to Dinuba where they will visit relatives and where Junior will remain to attend school. Mr. and Mrs. Canady and Robert will visit on the coast before returning home.

Plans Progress For Labor Day Fete Here As Committees Busy

Meat Purchased for Barbecue To Be Feature Of Affair

Prepartions for Truckee's Labor Day celebration are going forward at a rapid rate and ticket sales indicate a large attendance, James P. Miller, general chairman, announced.

Headlined by a 1200-pound young steer, the meat which will form the basis of the barbecue, an outstanding attraction on the program, has been ordered and other preparations are being made.

Speakers will be on hand and a program of sports contests, a parade and other items of promise are being outlined, Miller declared.

REV. WILLIS FETED BY FRIENDS ON HIS BIRTHDAY IN NEV.

Rev. P. H. Willis celebrated his 75th birthday on Sunday, August 20, at his church in Sparks when friends from surrounding towns in Nevada and California congregated to hear the inspiring sermon. Mrs. Clara Ellert of Reno was in charge of the music and also accompanied the soloist in appropriate selections.

Rev. Willis received the congratulations of his mank friends and neighbors who shared the luncheon following the service.

Among those present were Mr. and Mrs. Dan D. Smith and Arthur Lichtenberger of Truckee and Dr. W. H. Hood of Reno who heard Rev. Willis preach for the first time at Battle Mountain 40 years ago.

RELIEF AID HERE IS PROBED BY STATE AIDES THIS WEEK

Advised of the attempts of local interests to solve the transient relief problem here, Governor Frank F. Merriam dispatched to SERA officials here this week to see what steps could be taken for state aid for the project, C. Edmunds, administrator of the local relief project said.

The project here has been shut down because of lack of funds, but it was indicated by the visitors. C. F. Stoughton and M. B. Lowell of the SERA that the state might find a way to assist.

Returns to Grass Valley—

Karl Weeks who has been visiting with Mr. and Mrs. Lloyd Taylor of Hobart Mills has returned to Grass Valley.

Recent Visitors—

Mr. and Mrs. F. R. McClaskey of Los Angeles were recent visitors in Hobart Mills. McClaskey was the first barber employed at the town and his wife was the postmaster until they left for Los Angeles in 1926.

Enrolls in School—

Miss Ida Stewart, recent graduate of Meadow Lake Union High School, has enrolled at Mt. St. Mary's Academy in Grass Valley where she will take a commercial course. She is making her home with Mrs. A. J. Hurley in that city.

Father Ill—

Mrs. A. C. Carroll of Hobart Mills was summoned to the bedside of her ailing father in Arlington, Calif.

Vacation at Hobart—

Mr. and Mrs. O. H. Wilkins of Los Angeles spent a pleasant vacation with Mrs. Hannah Stewart and her daughters at Hobart Mills recently. Mrs. Wilkins is the former Miss Edna McClaskey, a former Hobart Mills resident.

Sparks Visitor—

Mr. and Mrs. H. G. Seibold and son Robert were Sparks visitors over the weekend.

To Attend School—

Mr. and Mrs. Henderson were Grass Valley viitors on Sunday taking their daughter over there to attend Mt. St. Marys Academy.

Visit Grass Valley—

Mr. and Mrs. Roy Feathers were Grass Valley visitors on Sunday.

High School Tax Here Boosted As Costs Increased

Transportation Costs Soar To Near Twice Last Year's Figure

RAISE IS APPROVED

Reserve Fund Unavailable To Meet Expense, Official Declares

The county board of supervisors this week approved the request of Principal G. E. Hofmann for an increase of 10 cents per $100 assessed valuation for carrying out proposed expenditures at the Meadow Lake Union high school. This is a 100 per cent increase for this item over the rate fixed following adoption and public approval of the tentative budget.

The rate was originally fixed at 10 cents, representing a decrease of 14 cents over last year's tax when it was necessary to pay off a deficit of over $1000 left from the preceding fiscal year.

The additional cost this year, it was explained by H. I. Snider, newly elected president of the board, was found necessary when the cost of transportation fixed by the board two months ago at $850, $100 over last year, soared to $1350 for the current fiscal year.

Last year students were transported from Boca and Floriston for $70 per month, this figure being based on a limit of $10 per student per month. This year with nine students enrolled from that area at present and a strong likelihood the number will decrease materially before long, the cost is $135 per month or nearly double last year's expenditure.

When the budget was submitted to the county superintendent of schools in July there was a balance of approximately $2000 left in the so-called reserve fund, left over from the assessments last year. This reserve fund, the president of the board explained, can not be used as a technical error was made in preparing the budget. It was not learned whether or not an effort was made to have this "frozen" fund released before the request was made for the extra 10 cent assessment.

An observer would assume that in as much as the money was paid into the coffers by the local district that regardless of technicalities, it still belongs to the district and should be available.

This year's high school assessment with the added 10 cents will be 20 cents as compared with 24 cents last year when it was necessary to raise an additional $1000 to pay off debts.

Federal Funds Allocated To County Schools In Practical Study Courses

Federal funds for Nevada County schools maintaining accredited courses in agriculture, homemaking and various other trades and industries, amounted to $1,582 and Placer County is to receive $7,314, according to an announcement by Dr. Walter Dexter, state superintendent of public instruction.

To Grass Valley—

Mrs. A. B. Polyanich and daughter were Grass Valley visitors on Sunday and Miss Polyanich stayed there to attend school.

Return Home—

Mr. and Mrs. Newton Henderson have returned to Long Beach after visiting Mr. and Mrs. Scott Henderson at Eder.

Back to School—

Miss Dolly Henderson has returned to Grass Valley to enter St. Mary's Academy.

Queen of Beet Jubilee—

Miss Mary Lou Hughes who spends the summer seasons at Donner Lake with her parents, Mr. and Mrs. Ray Hughes, reigned as queen of the Sugar Beet Jubilee held at Woodland recently, being elected by an overwhelming majority.

Second Attempt To Burn Local House Foiled By Firemen

Witnesses Declare They Saw Man Flee From Dwelling

For the second time this summer the prompt action of the Truckee Volunteer Fire Department saved the humble home of Sigmund Aich, well known local character, from destruction by fire and an investigation has been started to find an arsonist believed responsible for the two attempts.

The most recent attempt to fire the house was made this week when an alarm at midnight brought the department hurridly to the scene in East Truckee. Two witnesses, Chief Tom Dolley reported, saw a figure near the Aich cottage and after the flames were seen to spring up under a porch of the building, the figure jumped up and down and clapped his hands over his head, leaving the scene on the run.

No damage was caused, Chief Dolley declared. Several months ago the department was called to the Aich home at an early morning hour when a fire started under the edge of the house.

One Candidate Speaks For Another Before Lions Meet In Truckee On Wednesday

Forsaking his own campaign as a candidate for Nevada County superintendent of schools, A. R. (Dick) Curneen, last night urged the members of the Truckee Lions Club to support Dr. Walter F. Dexter in his contest for re-election to the office of state superintendent of public instruction. Dr. Dexter, aside from being a widely recognized educator, is international president of the Lions. For three years he was private secretary to Governor Frank F. Merriam, a position he held until named as head of the state's public educational system.

Curneen cited as one example of Dr. Dexter's ability, his recent widely publicized refusal to sign a contract for text books which, the speaker declared, saved the taxpayers some $80,000.

Visit Here—

Mrs. Rose Hussey and daughter of Grass Valley visited at the home of Mr. and Mrs. Frank Wilson on Thursday of last week.

Attend Jubilee—

Mrs. Hannah Stewart and daughter Ida were Grass Valley and Nevada City visitors on Sunday and attended the Diamond Jubilee celebration at Mt. St. Marys Academy.

Teachers Return—

Miss Anna Marie Munro has returned from Ontario, Canada, Miss Evelyn Reynolds, who has been studying in New York and visiting eastern points and Miss Marion Lathrop who has been in Sacramento have returned to resume their places on the faculty of the local high school.

Home From East—

Mr. and Mrs. Benard Cooper returned on Saturday from Indiana where they have spent several months

Minden License—

A marriage license was issued to Vincent Bogatich, 21, and Florence Gadaa, 19, at Minden, Nev. Both gave their address as Truckee.

Moves to Santa Ana—

Mrs. Ethel Crone who has been living at Palm Springs has moved to Santa Ana.

Here From City—

Mr. and Mrs. William Roberts of San Francisco spent Saturday and Sunday with the latter's mother, Mrs. Caroline Blaney.

From Brettwood—

Sam Hill, California newspaperman was a Truckee visitor Wednesday from Brettwood.

Guests in Grass Valley—

Mrs. A. Pliler and daughter, Barbara, of Hobart Mills were the guests of Mr. and Mrs. J. B. Clark and family in Grass Valley several days this week.

Many Candidates On Tickets For Primary Election

Local, County Officers Will Be Decided At Polls On Tuesday

RACES LOOMING WARM

Polls Will Be Open From 6 A. M. Until 7 P. M. For Voters

According to the compilation of registered voters, 1120 citizens of Meadow Lake Township are qualified to cast ballots for favorite candidate at the polls Tuesday.

Many spirited contests are nearing a conclusion as the time draws near for the hurdles and speculation is rife.

Polls will be open from 6 a. m. and remain open until 7 p. m.

Truckee has two precincts, No. 1 being in the grammar school and No. 2 at Masonic hall. The election board for the former comprises Frank Kearney, inspector; Marie Cabona and Calla Bick, judges and William H. Laity, Laura Galennie and Cora Maxsom, clerks. At No. 2 the inspector will be F. H. Brummond, the judges Blanche M. Gage and Elizabeth McKay and the clerks Winifred McGwinn, Jennie Watkins and Lotta Bryant.

At Hobart Mills the polling place will be in the Hobart Hall and the inspector will be J. B. Clark, the judge, Earl Murray and the clerks Hannah Steward and Jennie Canady.

There is an abundance of officers from which to choose, but the local and county officers to be balloted upon are:

Justice of the Peace—C. E. Smith and Ben Tonini.

Constable—William Bottcher and O. T. Schumacher.

Member of the Democratic Central Committee—W. H. Laity and Frank Titus.

COUNTY OFFICERS

Judge of the Superior Court—Raglan Tuttle.

Superintendent of Schools—Walter A. Carlson, A. R. Curneen and Arleigh Laird.

County Clerk and Auditor—Arthur F. Hellings and R. N. McCormack.

Sheriff—George R. Carter, Carl J. Tobiassen and Walter J. Phelps.

District Attorney—William J. Cassettari, Ward Sheldon and Vernon Stoll.

Treasurer and Tax Collector—Frank Steel.

Assessor—J. M. Hammill.

Recorder— John E. Nettell.

Public Administrator— Lila M. Champion.

Coroner— Daniel L. Hirsch, A. M. Holmes and L. R. Jefford.

Surveyor—Joseph F. O'Connor.

There are four Republican governor candidate, eight Democratic and eight Republican and 14 Democratic lieutenant governor candidates as well as scores of other partisan aspirants.

COLLINS SUPPORTERS VISIT VOTERS HERE

Friends of Ricard E. Collins, a candidate to succeed himself on the state board of equalization, were in Truckee this week completing the campaign to keep the veteran board member in office, a position he has successfully and efficiently held for 25 years. Collins is chairman of the important board and has handled the job well.

AT EDWARDS LODGE

Notables stopping at the Edwards Tahoe Lodge this week were R. H. Wright, manager of the Bank of America in Los Angeles; Otto Salk, Bank of American manager of Hyde Park and Emmett Sewell, associate justice of the state supreme court and his family and Mr. and Mrs. Michaels, realtors of Sacramento.

Here from Salt Lake—

Mr. and Mrs. Murray Moler of Salt Lake where Moler is associated with the United Press, are visiting Mr. and Mrs. Pleve J. Barry at Hobart Mills.

VOTE FOR A NEIGHBOR

We have been more or less evasive when is meant particularly favoring any single candidate in the forthcoming primary. This was because we believe that everyone has a right to his or her opinion and should not be influenced by our individual preferecne. However, when an issue effects a community as a whole ,we believe the voters should be as nearly unanimous as possible and we believe further that in the election of Allen Thurman, our neighbor on Highway 40 we would be benefiting our area.

For more than 20 years Thurman has lived in this area. He has watched the growth and developments of the district and knows its needs. It is high time that this region had representation in the capitol. We have a vast store of undeveloped country and are one of the finest portions of the state with equal rights. As a close neighbor, a man with the ability and determination to fight for what is justly ours we heartily endorse Allen G. (Scoop) Thurman.

SAY IT WITH BALLOTS

In less than a week's time—next Tuesday to be exact—California candidates for state, county and national offices streak down a fast track toward the hurdles of the primary election.

Whoever falls—and fall, some of them must—they will not lack spectators. Registration for this primary, topping the three and a half million mark, has broken all records.

Let the number of those voting also prove a record breaker. On August 30, every registered citizen has first choice in naming his man. November's nominee may be only sec- Tuesday. There's only one way to do it.

Say it with ballots.

You may be supporting any one of that vast number of candidate. That is your right and privilege. But regardless of your choice, go to the polls and perform your duty as an American citizen. Vote!

YOU PAY A TAX

'Taxes,' said a man the other day 'don't bother me much.'

'Nor me,' said his companion. 'I'm not in business. I don't own any property. And my income tax is small. I like to talk but actually most taxes don't touch me.'

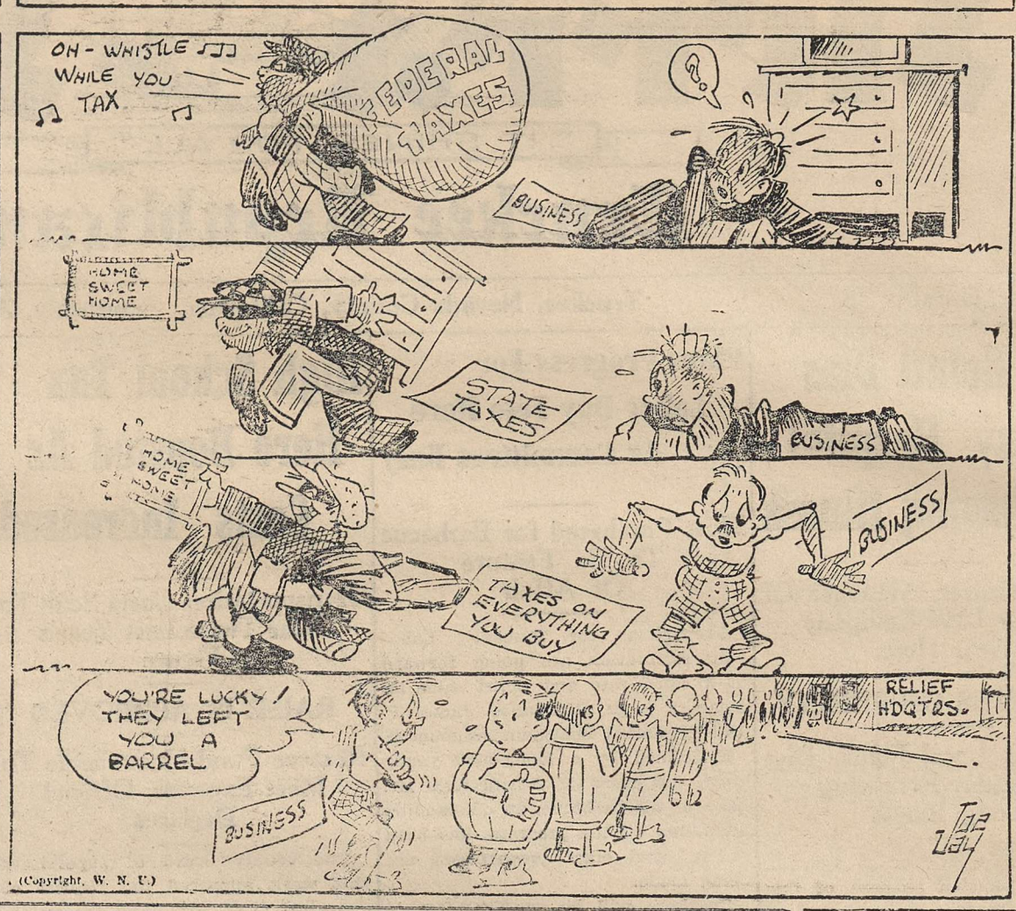
Most taxes don't touch you!

Do you drive to work? Then on car, tires, battery, oil and gasoline—YOU PAY A TAX!

Do you stay at home? The electric refrigerator, the long-distance phone calls, the radio, the evening's card game—on all, YOU PAY A TAX!

Do you plan to vote? Then watch the ballot, for many a proposition ought to shout in banner headlines—YOU PAY A TAX!

The Man Without a Barrel!



TOWNSEND DECLARES FOR GOVERNOR IN COMING ELECTIONS

Dr. Francis E. Townsend, father of the Townsend old age pension plan, yesterday declared for the re-election of Gov. Frank F. Merriam.

This word came from the governor's Los Angeles headquarters. The doctor hasjoined a veteran's group formed to re-elect Merriam.

"You may count on my support for Govrnor Merriam," said the pension leader.

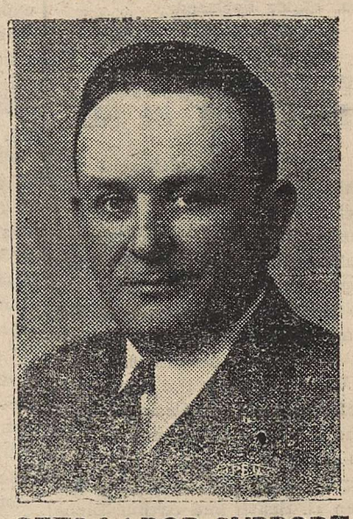
The Golden Text will be: "Thou Beth-lehem Ephartah, Though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Isreal: whose goings forth have been from of old, from of everlasting."—(Micah 5: 2)

J. L. Seawell



GETS LABOR SUPPORT

Supporters of Jerrold Seawell, Roseville, state senator and candidate for lieutnant governor on the Republican and Democratic tickets, this week issued a formal statement citing Seawell's labor record.

Seawell was endorsed by the recent AFL Political League meeting in Santa Barbara.

The statement follows:

"When legislation was presented before the legislature, Senator Seawell carefully studied every bill so that he would be positive that it did benefit labor. There are few men in either branches of the state government who have the working knowledge of legislative procedure that Senator Seawell possesses.

With the primary campaign drawing to a close, reports from other sections of the state indicate that Seawell is gaining strength.

TREASURER JOHNSON HAS MANY ENDORERS

Satewide recognition of Charles G. Johnson's sixteen years of service as state treasurer was seen here with the announcement that more than 200 organizations have endorsed him as

Tahoe Region News

by Swanee

Tahoe . . . . Ramblings . .

(By SWANEE)

The Tahoe Women's Club will hold a card party in the community hall on Thursday afternoon. I will be a dessert bridge with refreshments to be served at 1:30 P. M. All are welcome. Prizes for winners.

....**The Lake level on Tuesday morning stood at 6228.52 with 386 C.F.C. water leaving the gate at Tahoe.**

The Boy Scout meet at the school house last week turned out to be a washout, with only one boy showing up. It is regrettable, especially when a leader as fine as Tejas Edwards is willing to organize and master the movement. Perhaps another year will find more twelve year olds and a renewed enthusiasm.

From New York City we have a card from Everett Prusso, genial absent host of Prusso's Forest Inn on Ward Creek. He sends best wishes to his many friends and hopes to fly out to Tahoe and spend the Labor Day holidays with his family on the lake. Much of his time has been spent at the Louisville store Montgomery-Ward with whom he is now affiliated.

Patrolman Gene Walker last Thursday picked up two wanted boys from the bay area who had run away from home. They were Stanford Paulson, 17, son of E. D. Paulson of the Berkeley Bank of America's Exchange Department, and Bruce Ward,7, son of Guy Ward of the Sutro Company in San Francisco. The boys made their getaway in the Ward automobile on Wednesday, August 17. They are half-brother sand told Officer Walker they ran away to teach their families a lesson in congeniality. Officer Walker who was on the look-out for the runaways after having received a description of them and their car number, picked them up on their way to Meek's Bay where Paulson was en route to visit a girl friend. The young travelers were turned over to Carl Smith of the Truckee checking station following a telephonic conversation between the local officer and Ward who promised to come for the youngsters at once.

Traffic patrolmen will be posted at Tahoe's Theater of the Stars on Dollar Hill to manage the parking problem which is anticipated on Sunday afternoon, August 28, when the Tahoe Lake school children will present an outdoor pageant—California—A historical pageant in music and verse. Admission is free and spectators are advised to come early and secure a place of vantage. Opening is scheduled for 2 p. m. All are welcome.

The local library has been given a year's subscription to that excellent paper, The Christian Science Monitor, by members of the local science church.

Mr. and Mrs. A. P. Christ of Tahoe Pines are entertaining as their house guests, Raymond F. Christ, brother of the host and the former's wife of Washington, D. C.

Mrs. R. W. Brydon of Pasadena has been the house guest of Mrs. George Bliss of Tahoe City.

Mrs. Emma Dunlap and her daughters Eloise and Helen Meyers were visitors in Tahoe City last week. The Dunlaps are old time residents of the lake area who reside at Meyer's Station in the summer time and Folsom in the winter.

Miss Margery Case of Laguna Beach, where she is library custodian. inspected Tahoe's new library last week and voiced highest praise in it's behalf.

Miss Kathleen Anderson Starrett, through for the summer with her position at Yosemite, is visiting Miss Elena Lindeman at San Jose.

Among the guests at Edwards Tahoe Lodge this week are Mr. and Mrs. Paul A. Marquardt, the former orchestra director for the MGM studios at Culver City and Mr. and Mrs. Frank Michael of Los Angeles.

A group of 125 members of the Aetna Life Insurance company is scehduled to arrive at Tahoe Tavern Monday for a regional convention. Special arrangements are being made for the reception and entertainment of the group.

Miss Jacquelyn Miller who summered with her mother, Mrs. C. A. Swanson, of Sunnyside, returned to her studies at Moreland Notre Dame Academy at Watsonville on Saturday night.

Mr, and Mrs. Willis Hevel of Bettencourt Tract are vacationing at Woodland for the week where they are visiting relatives.

Wedding of Tahoe Young Couple Celebrated In Reno, Friends Learn

TAHOE CITY, Aug. 28.— A surprise wedding of local interest was that of Miss Sybil Apple, 22, of Texas, to Milton Jacobs, 22, son of Mrs. Amelia Wehrman. The ceremony took place August 2 in the court house at Reno in the chambers of Judge Hawkins.

The bride, a typical southern beauty was charming in a pale pink afternoon gown with black accesosries, a wide white picture hat and flower corsage.

The couple were attended by the bride's aunt, Mrs. Clem Anderson of San Francisco and Mr. and Mrs. Wehrman.

A dinner party followed at the Colombo, the newlyweds remaining in Reno. Jacobs, former watchman at Tahoe Tavern, left several years ago to take a position in the city with a large firm and spends most of his summers at Laek Tahoe. The Jacobs will reside in San Francisco at the close of the summer season.

FATHER, MOTHER OF TAHOE MAN DIE ON SAME DAY IN JULY

TAHOE CITY, Aug. 28.— Too often when death strikes in a family the old adage— "of all sad words of tongue and pen, the saddest of these, it might have been"—is brought home forcibly to those remaining to mourn. But such is not the case of Adolph Marchetti, genial little Italian waiter at Prusso's Forest Inn on Ward Creek, who, it was learden, lost both his mother and father on the same day, last July Fourth, but who has no vain regrets.

His parents, Mr. and Mrs. Giovanni e Fortionata Marchetti, both 86, were happily married for 57 years. In the first year of their wedded life they were blessed with a son, Adolph, an only child, now 56 years. For many years they resided placidly in the town of Torino, Italy, where they occupied a comfortable apartment, the husband successfully engaging in the printing business. Life was peaceful for them, their only regret being the early departure of their son to America to seek his fortune. But although thousands of miles separated them Adolph was a dutiful boy and regularly sent home to his parents sums of money that they might enjoy the best comforts of life. In 1934 he returend to Italy, spending 20 happy crowded eventful days with them. It was with reluctance that he returned to America.

Once more during the coming October, Marchetti will leave for Tarino, but this time his errand will be marked by sadness. For on July 4 death took his family, mother and father passing away only three hours apart. When his mother was taken ill, his father was overcome with grief. A heart attack carried him away before his wife, she passing away without ever knowing he partner had preceded her in death. As they lived for 57 years, so they died and were buried — together.

CANDIDATE FOR SHERIFF

Chief of Police Russell Carter of Roseville, candidate for sheriff in Placer County this week was calling on voters in the Lake Tahoe district. Chief Carter is a veteran law enforcement officer and has been chief of police at Roseville for several years. During his administration there, his friends declare, he has been a fearless and efficient officer, fully qualified to occupy the office which he is seeking at the primary election next Tuesday.

Vandals Break Into Store At Lake Forest Resort

TAHOE CITY, Aug. 28.— On Monday morning around 3 o'clock, prowlers broke the glass in the front door of Bacchi's Italian restaurant at Laek Forest and gained entrance. They were frightened away by the members of the family before anything could be taken. Identity of the culprits has not been learned.

-California Political Review-

To Carry South ?

SAN FRANCISCO, Aug. 25—Governor Merriaam will carry all of the 9 Southern California counties at the August 30 primary election, according to a statement issued by Bradford M. Melvin, campaign director in Northern California, made after a long distance consultation with E. V. Latham, in charge of the Governor,s Southern campaign.

"Mr. Latham advises me that he has just completed a personal survey in the south during which he has visited all the nine counties south of Tehachapi," said Melvin. "He had the opprotunity on this trip of meeting and talking to men and women in all walks of life."

"Polls which have been taken as carefully as possible further support the statement that the Governor will receive a trmendous Southern California vote. His visit in the south has substantially increased his already great personal popularity and, from what Mr. Latham tells me, I would not be at all surprised if he comes to Tehachapi with a majority of 100,000 or more."

"Men and women appreciate the good government they enjoy through the functioning of Governor Merriam's policies. They are aroused by the realization that good government is menaced in the possibilities of this primary election. They realize that to keep good government in November a huge vote must be polled for Governor Merriam on August 30."

Thurman Gets Praise From A Life-Long Demo

Democrats and Republicans alike are endorsing the candidacy of Allen G. (Scoop) Thurman, Colfax newspaperman and candidate for assemlyman from the 6th district. The follow ing letter from K. D. Robinson, a life long Democrat is typical of the endorsements that Thurman is getting

THURMAN

Dear Mr. Thurman:

I have learned with sincere pleasure of the conduct of your campaign for the Assembly. Your platform is a sound one, your humanitarian views are outstanding, your attitude towards those who toil is worthy of hte heartiest consideration.

As a life long Democrat, it gives me a great deal of pleasure to endorse your candidacy and tell you that anything I can do for you in your efforts to gain votes will be gladly done.

I am,

Yours sincerely,
K. D. ROBINSON

EDUCATIONAL LEADER URGES RETENTION OF DR. DEXTER AS STATE SUPERINTENDENT

SAN FRANCISCO, Aug. 25—An appeal to retain Dr. Walter F. Dexter as State Superintendent of Public Instruction was issued here today by Charles Albert Adams, former member of the State Board of Education and for seventeen years state cairman for the annual observance of public schools week.

STATE, PLACER COUNTY FAIRS PROGRESS

Ground Broken For Pemanent Buildings At Placer County Fair

ROSEVILLE, Aug. 28.— The Placer County Fair committee moved into high gear this week in preparation for the construction of the "tight wad" fence around the arena and grandstand. Ground is broken also on the permanent Helldorado and dance platform and the finishing touches will be put on the exhibit building and the livestock pen this week.

Premiums totaling $2200 will be awarded at the horse show, held in connection with the second annual Placer County fair and rodeo. The horse show will be held Friday night September 30 and Saturday night Cetober 1, with seven closed and three open events each night.

Other awards in livestock, agriculture, horticulture and other exhibit classifications will total $1400, the directors said.

The fair is scheduled to start on Friday at noon when the exhibits will be opened and the judging started The annual rodeo parade will be at noon Sunday, followed immediately by Harry Rowell's rodeo and wild west show. Carnival attraction will be held continuously.

State Fair-Exposition To Offer Many New, Improved Features

SACRAMENTO, Aug. 28.— The 84th annual 10-day fiesta has been proclaimed "California State Fair and Exposition Period" by Governor F. F. Merriam who cordially invites Californians and Westerners to set aside the days of September 2 through 11 for their vacation and visit the exposition.

The governor emphasized that, "The California State Fair and Exposition is a great agricultural and industrial exposition, which serves as a dramatic symbol of the continued progres and achievement of the six million people in California."

Presenting a cross section of agriculture, livestock, industry, education and entertainment, all past attendance records are expected to be shattered during the 10-day showing, Secretary-Manager Robert Muckler says.

Among attractions of the 1938 State Fair are new lighting displays. Redesigned county exhibits. The finest fruit and crops in the world Livestock from a dozen states and foriegn countries A farm machinery show valued at $3,000,000. An educational display represnting all California. An outdcor night revue produced at a cost of $35,000. Horse racing for $50,000 in purses. The premier Horse Show of California. The noted State Fair fireworks display.

These features, combined with a $1,000,000 new major building and permanent improvement program, special days and a pony express race from Carson City, Nev., to the Fair, will make the California State Fair the Mecca of hundreds of thousands this year.

Carson To Sacramento To Be Route Of Pony Express Race To Fair

SACRAMENTO, Aug. 28.— (UP)— Memories of the old pony express days will be revived September 2 when two riders leave either Carson City or Reno, Nevada, and race more than 150 miles to the California State fair and exposition in Sacramento.

Cliff Gardner, champion of Nevada, the only man who has won the Reno Round-up four times in succession, will represent Nevada against California's champion, as yet unnamed. The men will change horses 20 to 30 times at five and 10 mile intervals in crossing the Sierra Nevada mountains on the old pony express trail which runs through Placerville. The pony express was made internationally famous when the mail was carried on fast schedule from St. Joseph, Missouri, to Sacramento.

William Tevis, millionaire horseman and aviator, is completing arrangements for the match race in cooperation with the California Junior Chamber of Commerce and Secretary-Manager Robert Muckler of the Fair. Medals bearing the state seal of California and other awards will be presented the winner.

Tevis has an added interest in the race for he rode in a similar event in 1923 against the U. S. Army, the course being from the Nevada line at Lake Tahoe to Tanforan track in San Francisco. He won by 23 minutes and was presented with a medal by Mary Pickford. After the race, he rode 200 miles in 10 hours and 17 minutes in Dreamland rink in San Francisco to set a speed record that is still unbeaten.

Conservative Beats Sen. Pope

UNITED PRESS

Rep. D. Worth Clark of Idaho casts a vote that helped him defeat James P. Pope for the Democratic senatorial nomination. Senator Pope, an Administration stalwart, had been publicly praised by Postmaster Gen. James Farley and Secy. of State Cordell Hull. Pope's friends charged that many Republicans voted in the Democratic primary in order to secure the nomination of Clark, a conservative congressman.

Quarantine 'Take' Increases, Report

SACRAMENTO, Aug. 28.— (UP)— The growing amount of tourist travel into California was shown today in a report by A. C. Fleury, chief of the plant quarantine division of the state department of agriculture, showing increasing activities of inspectors at the state's borders.

During July, the inspectors checked 138,398 automobiles, trucks and stages carrying 406,969 passengers. The officials confiscated 931 lots of plants or plant products infested or infected with pests, which if introduced into California, might seriously menace California's nearly 200 commercial crops. This amount of interceptions was a 200 per cent increase in the number of species involved as compared with the preceding month.

State's First Prison Was Anchored Ship

SACRAMENTO, Aug. 28.— (UP)— It may sound strange but California's first prison consisted of a ship anchored off Point San Quentin in 1852.

Old records in the statehouse brought this strange fact to light today in connection with the early history of San Quentin prison, the penitentuary for first offenders on the north end of San Francisco bay.

For five years after the American occupation, California had no penal laws or penal institutions. Local jails were scarce and the larger ranches maintained their own adobe guardhouses for their lawbraekers. Crossroad justice in the early days seemed effective and sufficient.

California's first legislature in 1850 passed an act defining crime and punishment and every county jail was declared to be a state prison until the state could build one. The next year an act was passed providing that all convicts be turned over to lessees who should clothe, feed, shelter and guard, construct cell building and other permanent works, receiving in turn the free use of the convict labor not engaged in public work.

Vallejo was named the first state capital and General M. G. Vallejo and General James M. Estell were granted the first prison lease. In 1852 the legislature decided to move the capital and General Vallejo was released from his contract. At this time, another act provided for selection of a suitable site of not more than 20 acres for the state prison. Point San Quentin was selected because it was near the center of population and accessible to water transportation.

It was then that a prison ship was anchored near the site and 30 to 50 men held upon it until After July 14, 1852. The lessee system remained in force until 1855 when the state took over the prison. The lieutenant governor became the administrator and lived at the prison. Prisoners made brick as their principal occupation although construction of window sash and doors was attempted. By 1869, the population had grown to 725.

J. P. Ames served as the first regular warden from January 30, 1880 to October 12, 1883 Jute mill machinery was installed in 1881 and is still operating, making millions of grain bags each year for state farmers. There were 1220 prisoners by 1887 and new buildings were added.

The first prisoner doomed to execution was received in 1892 but was transferred to Napa state hospital as an insane person. The second condemned man also came in 1892 and was hanged in 1893. Prior to this executions were performed in the various counties by various sheriffs. Hanging continued until last year, when the legislature amended the statutes requiring legal executions to be performed by lethal gas. A gas chamber was built at the prison for that purpose.

By 1913 housing was a problem and a new cell was completed with 1,000 cells to house the 1929 prisoners. The biggest building program was under Warden James A. Johnston, who served from 1913 to 1924. He originated the educational system for inmates, changed guard uniforms from blue to khaki and prisoners stirpes to grey. Road camps were inaugurated in 1915 and are still in effect, enabling prisoners with good records to live in the open, earn credits and a small amount of money.

The highest point in prison population was 6397 felons reached July 7, 1937. Women prisoners were transferred to the new prison at Tehachapi under Warden James Holohan and the state voted in 1936 to make a distinct institution known as the California Institution for Women.

Keep Truckee Money In Truckee

Freedom

HUMAN experience in many cases seems to consist of an endless struggle for emancipation from various forms of oppression, physical or financial, moral or social. Is this not because freedom is too often sought only for the furtherance of worldly pursuits and the indulgence of fleshly comforts? Not that physical well-being is reprehensible, for "sufficiency in all things" (II Corinthians 9:8) is desirable as a result of understanding God's loving care for His creation.

But dependence upon material means and humanly evolved systems for welfare and happiness, instead of dependence upon the spiritual completeness of man in God's image, constitutes bondage. On page 251 of "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Inharmonious beliefs, which rob Mind, calling it matter, and deify their own notions, imprison themselves in what they create." The question is therefore one of freedom for something rather than merely freedom from something. Freedom for what? Freedom for gain of the highest order, by means of an intelligent understanding of God, or divine Principle.

Surely the following verse, the import of which is reiterated throughout the Scriptural narrative of the children of Israel, furnishes the secret of their deliverance: "And the Lord spake unto Moses, Go unto Pharaoh, and say unto him, Thus saith the Lord, Let my people go, that they may serve me" (Exodus 8:1). The purpose of freedom is that one may serve God.

What, then, is the significance of the words, "that they may serve me"? To determine this aright it is first of all necessary to understand the nature of Deity and man's relationship to Him. . . .

Freedom from whatever is false and discordant is to be won by continual resort to the fact of man's perfection as God's image, and by ordering one's daily life accordingly.

"The admission to one's self that man is God's own likeness sets man free to master the infinite idea" (Science and Health, p. 90).

The nature of this "infinite idea" is best discerned in the character and career of Christ Jesus. His understanding of God gave him dominion over supply, so-called laws of health, gravitation, and so on. His understanding freed him from every suggestion of lack and from the mesmerism of death and the grave, and also enabled him to free others. In the wilderness he resisted the temptation to indulge personal desires and material power; for he knew and demonstrated that one is assured of freedom in proportion to his meek obedience to the demands of God, revealed in Christian Science as divine Principle.

Just as the planets are not free to follow an erratic course through space, but manifest beauty and harmony each in its own orbit, so man reflects the harmony of being through fulfilling the purposes of divine Principle. Just as an attempt to open a locked drawer with the wrong key is unsuccessful, so any self-willed effort on the part of a human being to consummate something not in line with Principle necessarily induces failure and frustration, since it constitutes disobedience.

Nevertheless, divine Principle is still available in whatever circumstances one may find himself, whether apparently of his own or another's procuring. Sang the Psalmist (139:8), "If I ascend up into heaven, thou are there: if I make my bed in hell, behold, thou art there." An obedient, receptive mental attitude brings one's thoughts and one's affairs under the beneficent control of God's harmonious and dynamic law and thus opens the way to freedom.

However one is situated one can at once begin to think intelligently, truly, and lovingly by reflecting God, perfect Mind, and there are few conditions where one is not in some measure free to exercise the qualities of gratitude, kindness, honesty, wisdom, and justice, which characterize the true man. . . .—*The Christian Science Monitor.*

The Letter Box

Editor of Sierra Sun:

I have seen a few political campaigns come and go. I remember when Charles Evans Hughes ran against Woodrow Wilson for the presidency and I never heard so much dirt throwing at an opponent in my life as Mr. Hughes threw at Mr. Wilson. So Mr. Hughes was defeated and I came to the conclusion that the only thing that political dirt grows is a boomerang.

PORTIA F. MOSS ASKS SUPPORT AT POLLS NEXT TUESDAY

On a platform of 12 successful years in the office, Portia F. Moss, Placer County Superintendent of Schools this week concluded her campaign in the Lake Tahoe area.

The incumbent has hundreds of friends in the Tahoe distirct earned through her activities in that region in establishment of the Tahoe Lake branh high school and the fine transportation methods inaugurated there.

She is thoroughly familiar with her work and the needs of the county and seeks suport only on the basis of her splendid administration.

Paid Advertisement

Facts not Fancies

A Doctor for a Doctor's Job

For the office of Coroner, as well as in other departments, the budget is allowed and approved by the Board of Supervisors and all must stay within their allowance.

Doctors called in by a lay coroner to do autopsies are paid out of this fund, regardless of claims made of "no extra expense to the taxpayers". Read the county budget report for verification of expenses.

Chemical analysis and diagnosis of diseased tissues to determine causes of death have been paid out of county funds ranging from $25 to $50 per test when lay coroners send these specimen to cities outside the County for reports. Not being equipped nor trained for such work, it is the best they can do and the price must be paid.

The burial of the indigent is paid for out of funds alloted for that purpose. This work will still be given to morticians interested in that business, but this phase of the work should be separated from the coroner's office.

The Doctor who is running for Coroner is equipped to handle all cases here in our own county with a saving to the taxpayer, for he himself has had special training in post-mortem examinations at Rush Medical College and can do all the work required for this office. Chemical analysis and diagnosis of diseased tissues can be made in his own laboratory thoroughly equipped with the Receiving Hospital.

We will have in addition our own ambulance to serve the County. Our apparatus for finger printing photography, moving pictures, and stereoptican lantern projection are all extra assets which can be used for the Officials in medical-legal cases at no extra expense.

My motive for running for Coroner is to serve this County efficiently, economically and progressively. A monthly report of expenses and activities of this office will be given to the Public. Past service to the community should serve as proof of my sincerity and purpose.

Dr. D. L. HIRSCH
for CORONER

Paid Political Advertisement

TO THE VOTERS OF NEVADA COUNTY

The large volume of work, consisting of preparing for the August Primary Election, which is my duty as County Clerk, and in addition the preparation of the annual expenditure program, or budget, of the county for the fiscal year 1938-39, which amounts this year to $931,217.00 which is also my duty as County Auditor,—and all I have found it, much to my regret, must be done within the months of July and August, under the statutes, impossible to interview each voter individually.

Our office is a busy one during these two months and the office force has worked day and night so that the budget can be adopted by the Board of Supervisors and the tax rate fixed by them before September 1st. Added to this is the vast volume of work in preparing for the election —segregating more than 10,000 registration affidavits, preparing copy for the precinct registers, getting it into the hands of the printer, preparing notices of election for publication and having everything ready for the opening of the polls on Primary election day, August 30th.

In the Auditor's office is the accounting system of the county, requiring an accurate check of the receipts and distribution of all county monies. It is the heart of the county's finances and I can assure you that the experience I acquired as deputy in this office for 24 years stood me well in hand when I was elected as principal eight years ago.

Payments of old age security, orphan aid and aid to the blind are made through the auditor's office and are accounted for by him, to the State and Federal Government.

The multiple duties of the office require that the principal should know every working detail of the office of county clerk as well as County Auditor, and this can be acquired best by experience.

That I have served faithfully, honestly and efficiently in this office both as a deputy and as principal, is borne out by the reports of the expert accountants appointed by the Grand Jury, in the last of which the following comment was made by the expert:

"The books and accounts of the clerk and auditor were found as heretofore, to be in excellent condition and well kept."

Upon my record in this office I am asking for your support at the election next Tuesday.

R. N. McCORMACK,
County Clerk and Auditor of Nevada County.

Coast Guard in Mercy Trip

The U. S. Coast Guard rushed with a plane to the rescue of Howard Harstad, a Civilian Conservation Corps worker who was seriously injured in a rock quarry blast at Forks, Clallam County, Wash. Coast Guardsmen are shown above lifting Harstad from the plane at Boeing Field, Seattle, where the party was met by Dr. J. C. Sturgell of Marine Hospital.

State Receives 4.1 Per Cent of Federal Funds For Work Relief Jobs

SACRAMENTO, Aug. 25 —(UP)— California received 4.1 per cent of the money granted by the Works Progress Administration for school constructio in the United States during the period 1933-36, it was revealed today by Dr. Walter F. Dexter, superintendent of Public Instruction.

More than $1,000,000 per year was made available in Federal grants to 18 California school districts. This total of $3,520,062 from WPA during the three years was supplemented by $7,032,153 from district bonds and tax for a total construction cost of $10,-552,215 in California cities which participated in the survey.

Of the total expenditure for school construction, $3,657,947 was spent for elementary schools; $1,294,748 for junior high schools; 2,660,558 for senior high schools; 2,224,592 for junior colleges; $423,298 for schools for physically handicapped children and administration buildings; and 290,772 for vocational and trade schools.

School construction in 371 cities of the country was $162,547,732, of which $84,624,380 was constributed by WPA.

The Truckee Grammar School District was among the 18 California recipients of WPA school construction funds for the 1933-36 period.

C. W. VERNON WILL BE WRITE-IN FOR CONSTABLE'S POST

TAHOE CITY, Aug. 28.—C. W. Vernon, proprietor of the Tahoe Novelty Shop at Tahoe City, this week said that because of the urging by friends he would allow himself to be a write-in candidate for the office of justice of the peace of the 11th Placer County district, embracing Tahoe City, Brockway and other communities at the lake.

Vernon has been a resident of Tahoe continuously since 1923, but prior to that and as far back as 1909 had spent his summers there. Since 1932 he has operated the Tahoe Novelty Shop.

"If people see fit to elect me, I will serve them conscientously and to the dictates of the law to the best of my ability," the candidate said.

..Refer to the political ads in this issue of the Sierra Sun in making your selection for the primary election next Tuesday.

J. CHARLES HARRIS, TAHOE RESIDENT EXPIRES AT BAY

TAHOE CITY, Aug. 28.— Residents of Tahoe were shocked to learn of the sudedn passing of J. Charles Harris for several years a summer resident of Tmiberland Tract where he owned an attractive home.

On Wednesda, Mr. Harris suffered a stroke and Dr. C. B. Pedersen called into consultation Mrs. Harris' brother, Dr. Linwood Dozier of Stockton. Death occurred on Sunday at 4:30 a. m. His wife and daughter, Mrs. Wilbur Halsey of Oakland were at the bedside. He wa s58 years of age.

It was back in 1925 that Harris suffered a broken back and other serious injuries in an automobile accident. Doctors at that time told him he could never walk again. But he did. By force of sheer will power he struggled through months of tedious exercise and for some years managed with the aid of crutch and

PHILLIP BANCROFT LEADS McADOO, FIELD IN UNBIASED PRE-ELECTION STRAW POLL

With a busy schedule of personal appearances in both sections of the state, Phil Bancroft, the fightin' farmer from Walnut Creek, candidate for the Republican nomination to the U. S. Senator, is making a vigorous drive for votes in the final days of the primary campaign.

In the meantime Bancroft supporters were elated by the results of a state-wide, non-partisan poll issued by the Public Opinion Council of California, which showed Bancroft ahead of the field by six votes to his nearest competitor. The results gave the following

Phil Bancroft	1,032
Ray L. Riley	874
Louise Ward Watkins	85
William Gibbs McAdoo	1,026
Sheridan Downey	935
John W. Preston	455
James W. Mellen	104
Paul H. Bruns	5
Lillian Symes Clements	2

NOVA TRAINS AT TAHOE

Lou Nova, rising California heavyweight boxer, was reported to be going into training at Lake Tahoe, preparatory to a possible bout with Phil Brubaker, the fighting preacher from Dinuba, this fall or winter.

NORDEN

The continuance of near fall temperatures has caused many of the tourists to return to their homes earlier than anticipated and to be on hand for the reopening of school for the fall semester.

Mrs. George Kading of Sacramento was a weekend visitor among friends at Norden.

Miss Lucretia Antonicelli of Norden has resumed her college studies about bay cities.

Mrs. Oscar Olson of Roseville was a weekend visitor with her sister in law, Mrs. August Olson of Tunnel Six.

After several days visiting with her daughter Mrs. C. W. Kramer of Tunnel Six, Mrs. Mable Robison has returned to Sacramento.

Arthur Green who was located in B and B 106 at Norden was displaced by Frank Slater of Norden.

A new ski lodge is now under course of construction near Lake Mary and should be ready for winter use, while the Sierra Ski Club is erecting shelters in the Castle Peak region.

Many new homes in and about Tunnel Six have renewed activity since reemployment on the railroad.

The Snyder summer home Gilfelhaus is filled with friends and relatives.

Robert Randall of Norden Store was called unexpectedly to his home in St. Louis due to serious illness in the family.

Miss Ethel Scott of Applegate spent several days with her sister, Mrs. William Armbruster of Norden.

Mrs .Hugh Montgomery and her son Thomas of Reno, accompanied by her brother in law, Charles Montgomery, a foremr resident of Norden visited among friends and relatives this last weekend.

SPORTSMEN REPORT GOOD FISHING IN LAKE TAHOE AREA

An enthusiastic group of fishermen who recently caught the limit o Eastern Brook, Loch Leven and German Brown Trout in this area were:

Herb Dana, Pacific Coast football czar; Clint Evans, baseball coach at University of California; Frank Wickharst, line coach at U. C.; Emil LaSchool; Dana's son Jack, and Bill and mar, football coach at Berkeley High John, sons of Evans.

With pack and saddle horses they Desolation Valley and the headwaters left Emerald Bay at Lake Tahoe for of the Rubicon. On the way into the back country they were compelled to break through deep snow banks that blocked the trail, and they were met with electrical, rain and hail storms.

However, despite all of the bad conditions, they had great luck with fly and spinner fishing.

Oil Lands Are Not State's Lands

SAN FRANCISCO, Aug. 25—Those billion dollar oil lands in Long Beach, around which Merriams opponents have been attempting to build a scandal in an effort to smear the governor, turn out not to belong to the State of California after all. All right and title to them, above surface and below, is vested in the City of Long Beach and the Supreme Court has so decided.

This became known today with the filing in Sacramento by the Attorney General of a petition for a rehearing in the case of the City of Long Beach against D. A. Marshall, the port warden.

It now developes that the 1911 legislature made a grant to Long Beach of the submerged and tide lands in its boundaries and extending three miles to sea, about nine square miles in all. This was for the purpose of developing a harbor.

All was serene until recently when oil was discovered in quantities sufficient to indicate that the Long Beach pool rivaled that of the Kettleman Hills. Then the question arose as to whether the State in granting title to the surface likewise relinquished its rights to the oil beneath the surface. To quiet title, the city fathers caused suit to be brought against the port warden directing him to install machinery and to drill for oil. The case reached the Supreme Court and that highest tribunal confirmed Long Beach in its title and held that the State had no claim thereto.

Prior to the court's finding and anticipating that the court's decision would favor the State in which event the land might be thrown open for public filing, Carl B. Sturzenacker and A. H. Alexander of the Division of Lands are accused of having tipped their friends off to file claims for prior exploration rights. The claims were filed at Sacramento but were promptly rejected. If the claims had been accepted and the courts had ruled differently, the claimants might have been given a permit to drill for oil in which event the state would have received in royalties the amounts fixed by the State Legislature.

Meantime the Hatfield-Samish combine thought they saw in these accusations against minor officials a chance to further their own candidate by conducting a smear campaign against the incumbent administration. Thus was launched the "billion dollar oil scandal." Soon the public was hearing that as much as $12,000,000 could be realized in royalties from these lands if they were entrusted to a proper administration, by which they undoubtedly meant Lt. Gov. Hatfield.

Competent oil engineers say the amount of oil underground at Long Beach is anybody's guess but they estimate it may run 100, million barrels At $1.00 a barrel this would be, of course, $100,000,000. In a new lease at Huntington Beach (State-owned) the estimate is for 25 million barrels. This makes the governor's opponents calculations are 875 million dolars too high.

DUTIES NUMEROUS FOR CONTROLLER, RILEY LEADERS SAY

Harry B. Riley, the incumbent Controller seeking reelection, is a native son of California. Riley served two terms as City Clerk and two terms as Commissioner of finance in Long Beach, and was in the midst of his third as Assemblyman from his district when Gov. Merriam appointed him to succeed Ray Riley, who resigned to become State Railroad Commissioner.

HARRY RILEY

Among the technical duties of the Controller are:

His primary duty is acting as chief fiscal officer of state. He keeps all accounts of the state and money can be paid out by the Treasurer only upon his warrant An independent audit of all claims made against the State is a main responsibility of the Controller.

Paying the State's bills for services and supplies—bills which toatl nearly a half billion dollars very two years—and keeping books, require absolute accuracy. Claims are filed with the department incurring the bills but they come to the Controller for audit and payment, and the final responsibility is his. Last year, the Controller refused to pay incorrect or improper claims aggregating over $4,000,000.

Collection of gasoline, transportation license, insurance, petroleum and beverage taxes is also among the tasks of the Controller. Teh administration of the in heritnce tax is one more of his jobs. He collects taxes aggregating $60,000,000 a year. Every year 8000 estates pay inheritance taxes through the Controller's office. The Controller is also a statistician, gathering data regarding state, county, municipal and district indebtedness, tax rates and many other facts.

It has been the duty of the Controller, ever since 1933, to sell registered warrants necessary to finance the general fund of the state.

The Controller audits relief claims and draws warrants for S.R.A. workers as well as for all other State employees. Lands deeded to the state for non-payment of taxes are in the custody of the Controller, who co-operates with taxpayers and county officials in assisting redemption of such property.

Another duty of the Controller, in connection with the collection of gascline taxes, is to refund the gas tax paid by farmers and others who have not used the gasoline on the public highways.

In addition, the Controller is a member of 23 boards and commissions, exercising various functions.

Lifelike After 60,000,000 Years

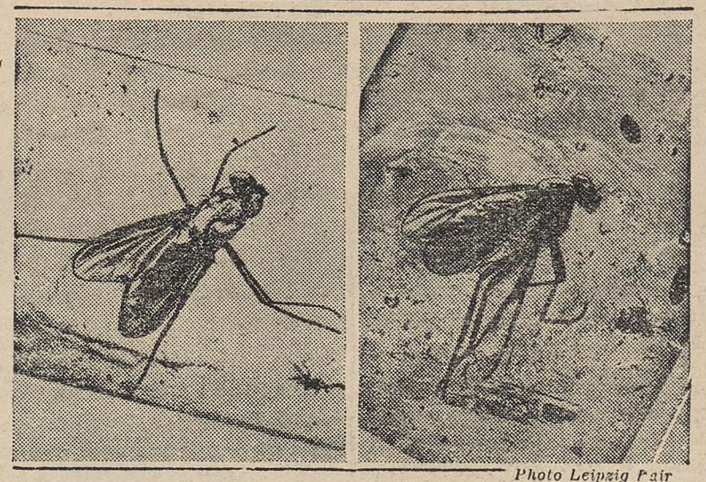

Photo Leipzig Fair

Prehistoric Insects Preserved In Amber.

BY far the oldest forms of life in the world are the prehistoric insects preserved in transparent amber. They are the oldest inhabitants by millions of years, having flourished long before man appeared on this planet. Theirs is the strangest romance of history.

When the earth was young it was shaded by giant conifer trees as large as modern California redwoods. As the sap from these towering trunks flowed slowly downward it caught these insects and plants like so much fly paper. When the sap hardened through aeons of time the insects were immortalized. We see them today with their delicate limbs in the very act of struggling to escape To study the remains of plant life is to botanize in the Garden of Eden. The remarkable photographs of prehistoric fossils shown herewith were part of an unusual display of amber jewelry at the Leipzig Fair. The insects preserved in transparent amber are the remote ancestors of the familiar house fly of our own day. Some fifty species of fleas and scores of less familiar insects have been preserved for all times in this beautiful gem.

Amber is the oldest form of jewelry in the world having been worn by our prehistoric cave dwelling ancestors. The Romans valued amber above gold itself. The lovely garden gem has regained its ancient popularity in recent years Today amber jewelry appears in many new and appealing forms.

UNITED PRESS

Governor Richard Kirman of Nevada, left; Mayor John Cooper of Reno, center, and C. H. Purcell, California state highway engineer and supervising engineer in the construction of the San Francisco-Oakland Bay Bridge, were among the more than 250 delegates and guests at the 17th annual convention of the Western Association of State Highway Officials in Reno.

SNIDER GETS VOTERS CLUB ENDORSEMENT

Endorsement of the American Voters, Inc., state-wide non-partisan organization has been given to Alexander E. Snider, San Fernando newspaper publisher and candidate for the office of state controller.

Announcement of this latest endorsment of Snider's candidacy was made from the Los Angeles headquarters of the organization which has for sole objective election to office of those candidates believed best qualified, regardless of party affiliation.

Snider has been in newspaper work for the past twenty years, as manager of various bureaus of the United Pres Associations and as publisher of the San Fernando Sun. He recently resigned as secretary-treasurer of the California Newspaper Publishers Association in order to enter the race for state controller.

Returning from a ten days' tour of a large portion of the state last week, Snider said he met with gratifying response to his candidacy on the part of Democratic leaders and from individual voters.

THE MAN AT THE KEYHOLE

They're betting even money in the SF and LA wager marts, our spy reports, that Ray Haight's combined vote on all three tickets—Progressive, Democratic and Republican—will not exceed 200,000, which will be 100,000 less than his total vote of four years ago.

Jeftie O'Conner is hopping mad and a bit red in the face over his last radio network program. The speech went off without a blemish, but the laugh came when someone pointed out the billing O'Conner had gotten in the program listings. It read:"8 P. M., O'Conner for Governor. 8:15 P. M. 'Don't you beieve It.' "

California's new muli-million dollar baby—the airplane manufacturing industry— is worried for fear it may find itself in the same spot as the man who invented a better mousetrap in a miceless country. The newest planes have the size and lift to get more people in the air, but airlines find their passenger lists are not growing. There's a chance, insiders believe, that air passenger business has settled down to a steady average, which leaves the over-sized air-liners on the ground, But with the Orient and all Europe feverishly making war, or preparing for it, the airplane manufacturers are still far from being bankrupt. It's not such a big jump from a transport to a bomber!

DICK COLLINS WILL WIN HEAVY VOTE IN THIS DISTRICT

An overwhelming majority of the votes in this district will be cast for Richard E. Collins as a member of the state board of equalization, according to his supporters and committees organized to further his campaign.

Collins, chairman of the board, has served faithfully and honestly for some 25 years on the board and has a legion of friends anxious to see him retained. His service on the board is widely known and his administration has never been questioned.

The Lake Tahoe committee for Collins embraces H. F. Droste, of Homewood, Dave Chamber of Chambers Lodge, Carl A. Bechdolt of Tahoe City, Joe King of Brockway, Mrs. Otto Darlin of Homewood, Mrs. F. M. Hall of Kings Beach and J. P. Obexer of Homewood.

Truckee sponsors are John A. Noonan, Dave Cabona, Mrs. Daniel Smith, W. B. Gellat, E. L. Loynd, Lotta W Bryant and Mrs. S. M. Richardson.

Others in this district are Jack Schwab, Floriston, Joe Hirsch, Boca, W. N. Baker, French Corral.

These committees together with those of the other end of the county were announced this week by the Collins headquarters.

ARGONAUT MINE IN OPERATION

JACKSON, Cal., August 25—(UP)—Operations at the Argonaut mine, one of the deepest shafts in the Mother lode county, have been restored to normal schedule, superinetndent Alex Ross announced. Re-timbering made necessary by fire and underwatering last February have been completed.

ARTHUR HELLINGS OUTLINES PLATFORM OF CANDIDACY

Arthur F. Hellings, candidate for election to the office of County Clerk and Auditor of Nevada County, has been working long hours daily for several weeks contacting the voting public and outlining the platform he has adopted to be effected in the event of his election.

"Art" Hellings has been a resident of Grass Valley for the past thirty-one years. He has been employed in the local mines for the past twenty-five years, and is widely known to the population of the county, and with those whom he may be unable to see personally before election day he takes this means of announcing his platform.

Excellent experience in county government rudiments was secured by Candidate Hellings through his four years service to the county as Deputy Sheriff. These four years prompted Mr. Hellings to make a thorough and extensive study of county offices, particularly that of County Clerk and Auditor. His studies in this field were not limited to Nevada County, but to the other counties in the State of California and elsewhere where new improvements and methods have proven effectual in savings to the taxpayers. These adaptable principles have been assimilated by Mr. Hellings for use, in the event of his election, to the Nevada County Clerk's office. Their practical interpretation, he believes, will be a genuine asset in establishing economy, efficiency and definitely modernized money-saving methods.

"In an era of taxation," Mr. Hellings declared, "I believe that the office of County Clerk and Auditor may be operated in a manner that will stretch the taxpayers dollar, instead of shrinking it. My first consideration would be fulfillment of the trust placed in me for execution of the duties; second, the capable maintenance of affairs of a growing county; and third, 'straight-from-the shoulder' execution of duties, with inspection by the public welcomed at any time."

CITY NEWS IN BRIEF

Things You and Your Friends Do

To Auburn Junior—
Levon Joseph will enter the Placer Union Junior College at Auburn for the fall semester.

London Man at Tahoe—
Derek Tangye, special columnist for a large London newspaper is spending a few days at Tahoe and in the surrounding region while gathering data for a series of articles for his paper.
